Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are starved nerves. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and vigorous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are lasting. The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its secret ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence. Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement. The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine. "The Common Sense Medical Adviser" is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing out. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

THE ATLANTA LYNCHING.

Mr. John Temple Graves, one of the most prominent persons in Georgia, and editor of the Atlanta News, platform orator, lyceum lecturer, politician, and man of affairs for some weeks has been denouncing negro rapists and calling upon the authorities and residents of Atlanta to adopt drastic methods in dealing with the men responsible for the attacks upon the women of Atlanta. Concerning recent assaults and lynchings he, among other things, said:

"The Atlanta race riot is due to the cumulative provocation of a series of assaults by negroes upon white women, which, in number, in atrocity, and in a speakable audacity, are without a parallel in the history of crime among southern negroes. There have been eleven assaults or attempted assaults within the past few weeks. Of these fiends only four have been apprehended, and seven have escaped scot free and are now at large in the community. Eight of these assaults have been in broad daylight, and in most instances in the open air, within a stone's throw of other residences. One assault was attempted at 9 o'clock in the evening in the brilliantly lighted parlor of a city residence. Three have been attempted almost within twenty feet of the man of the house, the criminals escaping before the household men could reach them. 'In almost every case the woman victims have been mutilated and disfigured monstrously, and the entire eleven efforts, five successful and six unsuccessful, have been made right in the city and suburbs of Atlanta, the capital of the New South; the center of trade, traditions, and politics; the heart of our civilization with a white population nearly twice as large as that of the negro.

"It is utterly impossible to reach an explanation of this tidal wave of crime. Whether it be due to the lust begotten by the sultry and torrid weather; whether it be due to the remarkable increase of the cocaine habit among the negroes; whether it has been stirred by the revolutionary harangues of a local newspaper; whether it has come from the frequenting of low liquor dives on Decatur street, in which are exposed the pictures of nude white women, or, as is more likely, from all of these causes combined, it is certain that Atlanta nor any other southern city has passed through such a horrid carnival of the intolerable crime as during the closing weeks of the present summer.

"There are few men who dare to leave their families after nightfall, either to attend public meetings, to pay a social call, or to worship in the churches of their choice. The whole section has been in a state of siege and apprehension, which has been growing more and more intolerable. Every thoughtful citizen has realized that Atlanta has been sleeping upon a volcano for weeks. Under these conditions, Saturday afternoon was drawing to a close. There had been a rape for each of the preceding days, right in the heart of the city. The afternoon editions of the papers came out on time without an addition to the greswome record, and people breathed easier. Half an hour later an afternoon extra appeared, announcing that there had been four rapes attempted in swift succession within the hour, two of which had been successful.

"Another paper issued an extra, and in one short hour the populace of Atlanta was in a frenzy of excitement. By 7 o'clock the first crude and impromptu organization was formed, and from 7 o'clock until an hour after midnight, Atlanta passed through the throes of a riot which has had no approximation in southern history. The lid of the volcano was off; monstrous things were done in the name of retaliation. Old and young negroes, negroes good and bad, innocent and guilty, were cut and slashed and killed. To every plea for mercy was shouted back the fierce response: 'You had no mercy on our women and we will have none on you.' 'Seventeen negroes were killed and more than thirty injured.

"The silliest man in the South is the time-serving statesman who declares that there is no race problem, and the question, if left alone, will settle itself. 'The race question is more important and threatening now than it has been in twenty years. The tension is sharper, the antagonism deeper between the races. The hope of a permanent agreement has slender foundations.

"The horror of Saturday has doubtless left a blot on our civilization, but it will clear the atmosphere and keep the negro in order for five years to come. 'What is the ultimate end? Separation of the races, the only possible logical, inevitable solution. These two opposite antagonistic races can never live together in the same government under equal laws—never.'

Revolutionary Murder.

A burly bag stamped with the name "Z. K. Mano," a strip of a woman's skirt and an oil cloth table cover bearing a rude sketch of the landing of Columbus, are the only immediate clues to the perpetrators of a revolting murder committed in the early hours of yesterday morning, and accidentally revealed by the discovery of part of the dismembered body of a man at 604 west Thirty-sixth street, New York, yesterday.

The torso of the man, apparently an Italian, wrapped in the burly bag, was found in a hole twenty-four feet deep, forming a part of an excavation, where an addition to a brewery is to stand. The discovery was made by the day watchman for the building contractors.

Later a systematic search by the police resulted in finding the parts of the man's legs from the knees down, and the arms and hands. These were wrapped in a newspaper of the date September 10, and bound about the bundle was a strip of a woman's skirt. All was neatly and securely tied with a string, suggesting deliberate preparation. This bundle was found under a covering of hay in a freight car at Thirty-sixth street and Eleventh avenue. The car was unloaded of a shipment of horses Saturday. The head and thighs of the man are missing. It is the theory of the police that the murder was committed near where the body was found, and that three packages of the dismembered parts had been made with the purpose of disposing of them at various places distant from the scene of the crime. The police believe that the persons carrying the bundles became alarmed and hurriedly disposed of them at the nearest convenient hiding place. They expect to find a third package in the same vicinity.
